

SONIA INDUSTRIES

ENVIRONMENTAL, HEALTH & SAFETY POLICY

01

We at Sonia industries are committed to protect the Environment, Human health and safety across all our operations by adopting the following principles.

02

We shall comply with all the applicable statutory EHS and other requirements at all times and our effort shall be exceeding these standards where appropriate.

We shall consider EHS aspects in all our business strategies and initiatives.

03

We shall focus towards reducing waste in any form and ensure its safe disposal.

04

05

We shall provide EHS training for each employee to have the knowledge and skill to perform their worksafely and in an environmentally conscious manner.

06

We shall guide, encourage and influence our suppliers and business associates to adhere to our EHS practises.
